

EMPOWERING THE WORKFORCE OF TOMORROW

Gateway to Verified Credentials and Career Success

MiLearner Wallet equips Career Technical Education (CTE) programs with a powerful tool to support student success. Through verified, shareable credentials and tailored job-specific profiles, MiLearner Wallet adds value at every level:

Students: Students gain a future-ready profile where they can showcase real, verified skills and achievements, giving them a competitive edge in the job market. They can easily create and share a professional resume, positioning themselves confidently for future opportunities.

Educators and CTE Programs: Teachers can enhance their programs by providing students with credentials that are trusted and meaningful. With MiLearner Wallet, educators can ensure that student achievements are not only recognized but also readily shareable, helping programs demonstrate tangible outcomes to stakeholders.

Future Employers: Employers can easily see the practical, verified skills that students bring to the table. MiLearner Wallet offers a clear view of student capabilities, enabling employers to recognize and value the specialized training and skills fostered by your CTE program.

Help your students take control of their career journey with credentials that reflect their true potential. Partner with MiLearner Wallet to bridge the gap between education and career success!

SHOWCASE SKILLS, SHAPE FUTURES.

1 TAILORED PROFILES FOR SPECIFIC JOBS

Individuals can create customized profiles based on the specific position they are applying for, showcasing only the most relevant skills and accomplishments.

2 VERIFIABLE ACHIEVEMENTS

MILearner Wallet securely stores verified credentials, certifications, and achievements from trusted sources, giving individuals an edge over competitors relying on self-reported platforms.

“With MILearner Wallet, students can showcase their skills and achievements as verified credentials, going beyond a simple resume line.

It’s more than a profile—it’s a trusted, shareable record that lets their accomplishments speak for themselves and supports real career growth.”

-Brian Pyles Ph.D.

3 BEYOND JOB SEARCH SITES

Unlike typical job search sites that rely on self-reported information, MILearner Wallet provides verified credentials, ensuring trusted achievements that help individuals stand out.

4 EASILY SHAREABLE WITH FUTURE EMPLOYERS

MILearner Wallet allows individuals to share their verified achievements directly with future employers, removing doubts about the legitimacy of their credentials.
